– MPhil in Economics	2022
– MA in Economics	2021
Delhi School of Economics, New Delhi – MA in Economics	2018
Indraprastha College for Women, University of Delhi – BA (Honors) in Economics	2016

RESEARCH

A House for Two: Empowering Women with Property Rights

- Conducted RCT with 3500+ individuals in rural India to study property rights' impact women's empowerment.
- Collaborated with government administrative unit Pune Zilla Parishad and NGO [Chaitanya](#).
- Presentations: European Association of Young Economists Annual Meeting (2024), Imperial College PhD Conference (2024), NBER Summer Institute (2023), Coverage: [BBC](#), [Sakal Newspaper](#)

How do political connections affect property tax compliance? with [A. Parvathaneni](#).

- Used novel administrative property tax data over 550,000+ properties to study how political connections influence tax compliance.
- Collaborated with government administrative unit Pune Zilla Parishad.

Unpacking Willingness to Pay as a Measure of Women's Empowerment with [A. Donald](#) and [B. Kramer](#).

- Use survey data from India and Rwanda to evaluate how complex lab-in-the-field (LIF) experiments compare with simple survey-based measures in measuring women's empowerment.

Community and Household Networks and Women's Workforce Entry with [T. Kundu](#).

- Design and implement a field experiment to study the role of community networks in bridging the gap between women's skill training and labour force participation.
- In collaboration with NGO [Calcutta Foundation](#).

Signaling in Female Education with [T. Kundu](#).

- Use data from IHDS and DHS to study the role of labor market and marriage market considerations in motivating investment in female education In India and Zambia.

Gender Bias and Gendered Outcomes: Some Pitfalls of Inference with [B. Isaac](#) and [R. Somanathan](#).

- Combines theoretical models with secondary data to study the relationship between child sex-ratios and cost of accessing medical care.
- Presentations: 4th Annual Center for research on the Economics of Climate, Food, Energy and Environment (CECFEE) Research and Policy Workshop (2018), 14th Annual Conference on Economic Growth and Development (2018)

WORK EXPERIENCE

Field work

Independently running a RCT in India with 3500+ individuals across 53 villages.	May 2023-present
Conducted a household-level survey across 30 villages, covering 150 households in Pune, India.	October 2022
Survey of workers of the informal wire stripping industry in Seelampur, Delhi.	March 2015
Survey of workers of the informal garment sector in Kapashera, Delhi.	December 2013

Research Assistant – Michael Best and Evan Sadler, Department of Economics, Columbia University, New York. 2020-2021

Worked on a project that addresses the challenge of creating an efficient and equitable tax system by combining theory and randomized controlled trials (RCTs) in Paraguay.

Research Assistant – Rohini Somanathan, Department of Economics, Delhi School of Economics, New Delhi. 2017-2019
 Worked on a project on caste and inequality in India. The project involved cleaning, handling and analyzing data from India Census from 1872 to 1941 using STATA and R along with writing regular reports.

Research Analyst Intern – India Institute, New Delhi 2015
 Worked on two projects: (i) 'Higher Education Governance in India: A case study of Andhra Pradesh' which studied the role of politicians in governance of higher education institutions (ii) 'Primary Education: Private v/s Government School' which does a comparative analysis of education outcomes for a private and government school in Okhla.

Research Intern – Consumers India, New Delhi 2014-2015
 Co-authored a report on 'Do Laws in India Promote Samaritan Behaviour?' that attempts to explain the deficit in Samaritan behaviour seen on Indian roads. A primary survey of over 150 people and interviews with domain experts were conducted to assess people's willingness, abilities and hindrances faced in helping victims.
